

Jellybean Park Markets

Expression of Interest

Application Form

Applications close on the 16th December 2015. Applications can be submitted via email to council@shoalhaven.nsw.gov.au Alternatively hardcopy applications will be accepted at the Reception Desk of the Shoalhaven City Council Administration Building, Bridge Road, Nowra, during normal working hours.

All applications should cite Council Reference Number 52435E

The use of this form is optional and will not have any impact on the Eol Assessment.
It is provided only as a guide and outlines the type of information that Council requires to assess your application.

This expression of interest is to manage and coordinate markets in Jellybean Park and Thorough_Fair on the fourth Saturday of every month. The period of the agreement will be for two years via a one by one year option covering January 2016 through to December 2017. This will be subject to DA approval to extend the approval consent period.

Contact Email: _____

Please attached a copy of your public liability insurance.

The assessment will be based on two criteria being experience and commitment to the local community which includes support of the Nowra CBD business community.

Experience:

Describe the experience you have had with organising markets. Please attach any supporting documentation. Supporting document can include, but is not limited to;

- photos of previous markets,
- stall holder testimonials and letters of support,
- a list of confirmed stallholders and their contact details
- media clippings,
- links to relevant web pages or other electronic media,
- letters of support from beneficiaries of market proceeds etc.

Community support:

The aim of these markets is twofold. Firstly the markets will invigorate the CBD and encourage local spending thus benefiting CBD businesses. Secondly, the markets will provide the market organiser with an opportunity to raise funds to support local worthwhile causes. Specific questions that should be addressed include:

- How will your markets assist in invigorating the Nowra CBD?
- How will they encourage local spending?
- How will you involved the local business community
- How does your organisation help the local community? In the case of an individual applicant, how do you support your local community?
- Which causes will benefit from the markets? How will they benefit?
